

# Pryder wrth dioddef o Parkinson's

**B**ydd rhai pobl sy'n dioddef o Parkinson's yn cael teimladau o bryder.

Mae'r wybodaeth yma'n disgrifio pryder, a sut deimladau fyddai rhywun yn eu cael. Mae hefyd yn trafod pa gamau i'w cymryd i reoli'r symptomau hynny, a phadriniaethau sydd ar gael.

## Sut beth ydy pryder?

Mae pryder yn deimlad o anesmwythyd, fel arswyd neu ofn. Mae gan bawb deimladau o bryder o bryd i'w gilydd. Mae'n ymateb naturiol i sefyllfaedd rydyn ni'n eu gweld yn fgythiol neu'n anodd, fel symud i dŷ newydd neu broblemau ariannol. Fel arfer mae pryder yn diflannu pan fydd y sefyllfa'n newid, neu pan ddown i arfer â'r sefyllfa neu'n gallu symud i ffwrdd oddi wrthi. Ond mae rhai pobl yn teimlo'n bryderus am gyfnodau hir a heb fod am reswm amlwg. Gall hyn wneud bywyd yn anodd a gallai effeithio ar eich gwaith a'ch bywyd cymdeithasol.

Os ydych chi'n teimlo bod pryder yn effeithio ar eich bywyd bob dydd, mae'n bwysig ceisio cymorth gan weithwyr proffesiynol yn ogystal â dod o hyd i bethau y gallwch chi eu gwneud i reoli'r symptomau'n effeithiol.

## Beth yw prif symptomau pryder?

Mae'n bwysig adnabod symptomau pryder, fel bod modd ei drin cyn gynted â phosibl.

Efallai y bydd pobl sy'n dioddef o bryder yn teimlo rhai o'r canlynol:

- ymdeimlad o arswyd
- poeni'n gyson
- cael anhawster i ganolbwytio

Efallai y byddwch hefyd yn cael symptomau corfforol os ydych chi'n teimlo'n bryderus. Gallai'r rhain gynnwys:

- chwysu
- calon sy'n curo'n gyflym neu'n rasio (dychlamiadau)
- tyndra yn y frest neu deimlo'n fyr eich gwynt
- pendro
- crynu
- diffyg traul, cyfog a chrambiau stumog
- edrych yn welw
- ceg sych
- poen yn y cyhyrau
- coesau aflonydd ac anhawster i gysgu'n esmwyth

Pan fydd pryder yn gyflwr parhaol, efallai y byddwch yn cael teimladau o anobaith. Gall y teimladau hyn effeithio ar eich gallu i gyflawni gweithgareddau bob dydd.

Weithiau, efallai y cewch symptomau iselder yn ogystal â phryder. Mae iselder yn fwy na theimladau o anhapusrwydd neu rwystredigaeth dros dro. Ceir diagnosis o iselder pan fydd gan rywun deimladau parhaol o dristwch eithafol am ddyddiau, wythnosau neu fisiodd.

### Rhagor o gyngor: gweler ein gwybodaeth am iselder ysbryd a Parkinson's

### A oes gwahanol fathau o bryder?

Mae tri phrif fath o bryder, er bod y rhain yn gallu gorgyffwrdd. Bydd llawer o bobl yn profi mwy nag un math.

### Pryder cyffredinol

Dyma pan fyddwch chi'n poeni'n ormodol ac yn ddilywodraeth y rhan fwyaf o'r amser am ddigwyddiadau yn eich bywyd bob dydd.

### Pyliau o banig

Cyfnodau byr o deimladau o ofn sy'n ddwys ac yn digwydd yn sydyn ydy'r rhain. Maent yn aml

yn digwydd mewn sefyllfaoedd sy'n debygol o wneud ichi deimlo'n bryderus. Efallai y byddwch hefyd yn teimlo'ch calon yn rasio, a byddwch yn chwysu ac yn fyr o wynt. Mae rhai pobl o'r farn bod y symptomau hyn yn ddifrifol iawn, ac maen nhw'n rhuthro i'r ysbty am help. Gall pwll o banig bara rhwng pump ac ugain munud.

### Ffobia

Dyma'r teimlad o fod yn ofnus am rywbeith nad yw'n beryglus, ac na fyddai fel arfer yn gwneud i bobl eraill deimlo'n ofnus. Er enghraift, agoraffobia yw'r ofn o fod mewn sefyllfaoedd lle gallai dianc fod yn anodd, neu lle na fyddai help ar gael petai pethau'n mynd o chwith.

### Sut mae pryder yn effeithio ar bobl â Parkinson's?

I bobl sy'n dioddef o Parkinson's, neu unrhyw un arall, mae pryder yn debyg o gael ei achosi gan gyfuniad o ffactorau, gan gynnwys anghydbwysedd yng nghemegau'r ymennydd, geneteg, neu straen mewn bywyd bob dydd.

Gall unrhyw bryderon sydd gennych am fyw gyda chyflwr tymor hir, fel Parkinson's, hefyd achosi pryder.

Mae rhai pobl â Parkinson's yn fwy pryerus mewn cyfnodau 'arno' neu pan nad yw'r clefyd dan reolaeth. Pan fydd person yn cymryd ei feddyginaeth, bydd ei symptomau'n gwella. Ond weithiau gall y symptomau hyn ddod yn ôl cyn bod hi'n bryd cymryd y dos nesaf, gan beri i gyflwr unigolyn amrywio.

Gelwir hyn yn 'golli effaith'. Os bydd symptomau eich pryder yn cynyddu pan fydd effaith eich meddyginaeth yn lleihau cyn bod hi'n bryd cymryd y ddos nesaf, siaradwch gyda'ch arbenigwr neu nyrs Parkinson's. Gall newidiadau i'r drefn o gymryd eich meddyginaeth wella'ch symptomau.

Os byddwch mewn cyfnod 'arno', ac yn cael anhawster i symud, gall hyn hefyd wneud i chi deimlo'n bryderus. Efallai y bydd eich teimladau o bryder yn gwella pan fydd eich anhawster i symud yn cael ei reoli'n well gan feddyginaeth. Hyd yn oed os nad ydych yn cael cyfnodau 'arno' a 'hebddo', mae'n bosib y byddwch yn dal yn gyffredinol bryderus os nad yw symptomau Parkinson's yn cael eu trin yn iawn. Unwaith eto, gallai newidiadau i'ch meddyginaeth helpu.

Gofalwch drafod unrhyw addasiadau i'ch meddyginaeth Parkinson's gyda'ch arbenigwr neu eich nrys Parkinson's bob amser.

Cofiwch, peidiwch â rhoi'r gorau i gymryd eich meddyginaeth heb siarad â gweithiwr gofal iechyd proffesiynol, gan fod hyn yn gallu bod yn beryglus.

Mae'n arbennig o bwysig trafod eich pryder gyda'ch gweithiwr gofal iechyd proffesiynol gan y gallai hynny wneud symptomau eraill Parkinson's yn waeth. Wrth ofyn am help yn gynnar, gallwch gael mwy o reolaeth.

## Sut i reoli pryder?

Mae yna nifer o bethau y gallwch roi cynnig arnynt i'ch helpu i reoli'ch symptomau.

### Dod o hyd i ffyrdd o ymlacio

Gall pethau syml fel gwneud amser i ymlacio fod yn ddefnyddiol. Rhowch gynnig ar wneud pethau rydych chi'n eu mwynhau, fel darllen llyfr neu wrando ar gerddoriaeth.

### Bwyd

Ceisiwch fwyta'n iach ac yn gytbwys. Gall hefyd fod o help i osgoi gormod o gaffein (a geir mewn te, coffi a rhai diodydd pefriog), ac alcohol, yn enwedig fel mae hi'n nosi. Gall y rhain waethygurhai o symptomau corfforol pryder.

**Rhagor o gyngor:** gweler ein gwybodaeth am ddiet a Parkinson's.

### Ymarfer corff

Drwy ymarfer corff yn rheolaidd, fel cerdded neunofio, gallwch ymladd yn erbyn straen a rhyddhau gorbryder.

### Ioga

Mae ioga yn ymarfer ysgafn sy'n ceisio gwella eich hyblygrwydd, cryfder, cydbwysedd a'ch anadlu. Mae rhywfaint o dystiolaeth y gallai ioga helpu rheoli pryder a straen.

### Tai chi

Crefft ymladd Tsieineaidd ydy Tai chi sy'n rhoi pwyslais ar gydbwysedd a symudiad. Mae'n golygu symud y corff yn araf ac yn osgeiddig, heb unrhyw gyswllt corfforol. Gallai fod yn fuddiol yn seicolegol drwy leihau pryder.

## Therapi cyflenwol

Yn ôl nifer o bobl sy'n dioddef o Parkinson's, mae therapi cyflenwol yn gallu bod yn ymlaciol. Gallai gynnwys y canlynol:

### Tylino

Mae llawer o bobl yn teimlo fod cael eu tylino yn eu helpu i ymlacio. Gall therapydd tylino ddefnyddio technegau amrywiol, gan gynnwys anwesu, tylino a rhwbio, gan roi pwysedd ar y corff wrth wneud hynny. Nid yw tylino'n addas ar gyfer pobl â chyflyrau meddygol penodol, fel rhai sydd â hanes o anhwylderu gwaedu.

### Aciwbigo

Mae aciwbigo yn rhan o feddyginaeth draddodiadol Tsieineaidd. Bydd therapydd yn gwthio nodwyddau tenau i'ch corff mewn mannau penodol. Mae'r dystiolaeth fod aciwbigo yn gallu lleihau pryder yn gymysg, ond mae'n bosib y bydd rhai pobl yn ei weld yn ddefnyddiol.

Os ydych chi'n penderfynu cymryd unrhyw feddyginaeth trwy'r geg neu ei rwbio i'ch croen fel therapi cyflenwol, gofalwch holi eich meddyg teulu, eich arbenigwr neu nrys Parkinson's yn gyntaf.

**Rhagor o gyngor:** gweler ein gwybodaeth am therapi cyflenwol a Parkinson's.

Efallai y bydd dosbarthiadau ymlacio yn eich ardal chi. Ewch i wefan Parkinson's UK [parkinsons.org.uk](http://parkinsons.org.uk) a chwiliwch drwy ddefnyddio cod post er mwyn dod o hyd i ddosbarthiadau sydd ar gael yn eich ardal chi.

## Cyfeillgarwch a chwrdd ag eraill

Gall rhannu eich pryderon a'ch ofnau gyda ffrind dibynadwy neu aelod o'r teulu helpu i leihau pryder. Gall siarad â phobl eraill â Parkinson's helpu hefyd, oherwydd gallwch chi rannu'ch profiadau a darganfod sut mae eraill yn ymdopi â phroblemau tebyg. Mae gan Parkinson's UK grwpiau lleol ledled y DU.

Ewch i [parkinsons.org.uk/localgroups](http://parkinsons.org.uk/localgroups) i ddod o hyd i'ch grŵp agosaf neu ffoniwch **0808 800 0303**.

Gallwch hefyd siarad â phobl eraill sydd â Parkinson's ar-lein yn [parkinsons.org.uk/forum](http://parkinsons.org.uk/forum)

## Cwnsela

Os yw'n well gennych siarad â chyngħorydd sydd wedi'i hyfforddi'n broffesiynol, gofynnwch i'ch meddyg teulu am wybodaeth (mae gan lawer o feddygfeydd cwnselwyr ynghlwm wrth eu practis). Mae yna hefyd sefydliadau cwnsela a all roi gwybodaeth a manylion cwnselwyr preifat i chi, gan gynnwys Cymdeithas Cwnsela a Seicotherapy Prydain/ British Association for Counselling and Psychotherapy (gweler diwedd yr wybodaeth hon).

Mae gan yr elusen iechyd meddwl Mind ganllaw, *Making sense of talking treatments*. Mae'r llyfr yn esbonio'r gwahanol fathau o therapiâu siarad sydd ar gael, gan gynnwys cwnsela, sut y gallant helpu a beth i'w ddisgwyl.

Gallwch ddarllen y canllaw ar-lein yn [www.mind.org.uk/talkingtherapy](http://www.mind.org.uk/talkingtherapy) neu archebu copi caled.

## Therapi ymddygiad gwybyddol (CBT)

Gallai therapi ymddygiad gwybyddol (a elwir weithiau'n CBT) fod yn effeithiol wrth ddelio â phryder. Mae'n gweithio trwy newid meddyliau ac ymddygiad 'di-fudd' a all arwain at deimladau o bryder neu waethygú pryer.

Gall CBT ddigwydd mewn grwpiau neu'n unigol gyda therapydd, a all fod yn seicolegydd clinigol, seiciatrydd neu'n nyrs sydd wedi'i hyfforddi'n arbennig. Mae fel arfer yn cynnwys cwrs o sesiynau wythnosol.

Mae nifer o lyfrau hunangymorth CBT sy'n cael eu hargymhell gan y GIG ar gyfer pobl â phryder. Mae llawer o'r rhain ar gael yn eich llyfrgell leol drwy'r cynllun 'Llyfrau ar Bresgripsiwn'. Unwaith eto, gofynnwch i'ch meddyg teulu neu nyrs Parkinson's am ragor o gyngor neu ewch i [reading-well.org.uk](http://reading-well.org.uk)

## Meddyginaeth ar gyfer pryer

Gall meddyginaeth gwrth-bryder, fel cyffuriau gwrth iselder ac anxiolytic helpu i'w liniaru os oes gennych Parkinson's, o dan rai amgylchiadau. Yn gyffredinol, ni argymhellir defnyddio cyffur anxiolytic yn y tymor hir.

Siaradwch gyda'ch meddyg teulu, eich arbenigwr neu nyrs Parkinson's am yr hyn fyddai orau i chi. Dylent hefyd allu eich cynghori ar sut i gymryd cyffuriau gwrth iselder ochr yn ochr â'ch meddyginaeth Parkinson's.

## Cyngor i deulu, ffrindiau a gofalwyr

Gall symptomau pryer effeithio'n fawr ar ansawdd bywyd rhywun. Os bydd hyn yn digwydd, dylech geisio annog yr unigolyn dan sylw i siarad â'i meddyg teulu, ei arbenigwr neu nyrs Parkinson's. Byddent efallai'n cael eu cyfeirio at arbenigwr iechyd meddwl a all argymhell triniaeth.

Os ydych chi'n ofalwr, mae'n holol naturiol i chi deimlo llawer o'r un teimladau â'r person â Parkinson's. Gall y teimladau hyn gynnwys pryer, ofn am y dyfodol, iselder ysbryd, blinder a phryder am unrhyw newidiadau yn eich perthynas. Gyda hyn mewn golwg, dylech hefyd geisio gofalu am eich iechyd corfforol a meddyliol eich hunan gymaint ag y gallwch. Gall gofalu amdanoch eich hun fod yn anodd, ond mae'n bwysig. Bydd hefyd yn eich helpu i allu gofalu am eich anwylyd yn well.

Mae llawer o ofalwyr yn ei chael hi'n ddefnyddiol ymuno â grŵp cymorth lle gallant gwrdd â phobl eraill mewn sefyllfa debyg. Mae gan lawer o grwpiau lleol Parkinson's UK weithgareddau arbennig ar gyfer gofalwyr.

Ewch i [parkinsons.org.uk/localgroups](http://parkinsons.org.uk/localgroups) i gael manylion eich grŵp lleol neu cysylltwch â'n llinell gymorth (**0808 800 0303**). Mae Carers UK a Carers Trust hefyd yn rhedeg grwpiau ar gyfer gofalwyr. Gweler yr adran nesaf am fanylion.

## Rhagor o gyngor: chwiliwch am ein gwybodaeth ar gyfer gofalwyr

# Rhagor o wybodaeth a chymorth

## Nyrsys Parkinson's

Mae nyrsys Parkinson's yn darparu cyngor a chymorth arbenigol i bobl â Parkinson's a'r rhai hynny sy'n gofalu amdanyn nhw. Hefyd gallan nhw gysylltu â gweithwyr proffesiynol eraill ym maes iechyd a gofal cymdeithasol i sicrhau y diwallir eich anghenion.

Mae'r rôl nyrsys Parkinson's yn amrywio. Bydd pob un yn cynnig gwasanaethau gwahanol, yn anelu at ddiwallu anghenion lleol. Lleolir rhai nyrsys yn y gymuned, tra bod eraill wedi'u lleoli mewn sefyllfa oedd ysbyty.

Mae llawer o nyrsys Parkinson's yn rhagnodwyr annibynnol. Mae hyn yn golygu y gallan nhw ragnodi a gwneud addasiadau i feddyginaeth, felly nid oes angen i rywun â Parkinson's weld eu harbenigwr am newidiadau i neu ymholaadau yngylch eu cyffuriau â Parkinson's bob tro.

Efallai na fydd nyrsys Parkinson's ar gael ym mhob ardal, ond gall eich Meddyg Teulu neu arbenigwr roi rhagor o fanylion ichi ar wasanaethau lleol.

Gallwch chi ddysgu rhagor yn [parkinsons.org.uk/nurses](http://parkinsons.org.uk/nurses)

## Gwybodaeth a chymorth gan Parkinson's UK

Gallwch chi ffonio ein llinell gymorth gyfrinachol am ddim i gael cymorth a gwybodaeth gyffredinol. Ffoniwch **0808 800 0303** (mae galwadau am ddim oddi wrth linellau tir yn y DU a'r mwyafrif o rwydweithiau symudol) neu e-bostiwch [hello@parkinsons.org.uk](mailto:hello@parkinsons.org.uk).

Rydyn ni'n rhedeg gwasanaeth cymorth cyfoedion os hoffech chi siarad ar y ffôn â rhywun a effeithir gan Parkinson's sydd wedi wynebu problemau tebyg i chi. Mae'r gwasanaeth yn gyfrinachol ac am ddim – ffoniwch y llinell gymorth i siarad â rhywun am gael eich paru â gwirfoddolwr.

Gall ein llinell gymorth eich cysylltu ag un

o'n cynghorwyr lleol Parkinson's, sy'n rhoi gwybodaeth a chymorth un wrth un i unrhyw un a effeithir gan Parkinson's. Hefyd gallan nhw ddarparu dolenni i grwpiau a gwasanaethau lleol.

Mae gennym raglen hunan-reoli ar gyfer pobl â Parkinson's, partneriaid a gofalwyr. Mae'n gyfle i fyfyrio ar fywyd gyda'r cyflwr, ddysgu am hunan-reoli a meddwl am y dyfodol. I ganfod a oes grŵp yn agos i chi, ewch i [parkinsons.org.uk/selfmanagement](http://parkinsons.org.uk/selfmanagement)

Mae gan ein gwefan [parkinsons.org.uk](http://parkinsons.org.uk) lawer o wybodaeth yngylch Parkinson's a bywyd dyddiol gyda'r cyflwr. Hefyd gallwch chi ganfod manylion yngylch eich tîm cymorth lleol a'ch cyfarfod grŵp lleol agosaf yn [parkinsons.org.uk/localtoyou](http://parkinsons.org.uk/localtoyou)

Ewch at [parkinsons.org.uk/forum](http://parkinsons.org.uk/forum) i sgwrsio gyda phobl eraill sydd wedi cael profiadau tebyg ar ein fforwm trafod ar-lein.

## **Diolch**

Diolch i bawb a sydd wedi cyfrannu i'r ddalen wybodaeth hon a'i hadolygu:

Diolch hefyd i'n grŵp adolygu gwybodaeth a phobl eraill a effeithir gan Parkinson's a ddarparodd adborth.

## **Allwch chi helpu?**

Yn Parkinson's UK, rydyn ni'n gwbl ddibynnol ar roddion gan unigolion a sefydliadau i ariannu'r gwaith rydyn ni'n ei wneud. Mae sawl ffordd y gallwch chi ein helpu i gefnogi pobl â Parkinson's.

Os hoffech chi gymryd rhan, cysylltwch â'n tîm Gwasanaethau Cefnogwyr ar **0800 138 6593** neu ewch i'n gwefan yn [parkinsons.org.uk/donate](http://parkinsons.org.uk/donate). Diolch.

## **Ynghylch ein gwybodaeth**

Mae'r cyfan o'n gwybodaeth ddiweddaraf ar gael ar [parkinsons.org.uk/informationsupport](http://parkinsons.org.uk/informationsupport)

Os byddai'n well gennych ddarllen un o'n taflenni neu lyfrynnau mewn print, gallwch weld sut i archebu ar [parkinsons.org.uk/orderingresources](http://parkinsons.org.uk/orderingresources) neu drwy ein ffonio ar **0300 123 3689**.

Rydyn ni'n gwneud pob ymdrech i sicrhau bod ein gwasanaethau'n darparu gwybodaeth gyfredol, ddiuedd a chywir. Rydyn ni'n gobethio y bydd hon yn ychwanegu at unrhyw gyngor proffesiynol a dderbyniwch a'ch helpu i wneud unrhyw benderfyniadau y gallech chi eu hwynebu. Os gwelwch yn dda parhewch i siarad â'ch tîm iechyd a gofal cymdeithasol os ydych chi'n poeni ynghylch unrhyw agwedd ar fyw gyda Parkinson's.

Os hoffech chi ddysgu rhagor am sut rydyn ni'n rhoi eich gwybodaeth ynghyd, gan gynnwys cyfeiriadau a'r ffynonellau gwybodaeth rydyn ni'n eu defnyddio, cysylltwch â ni yn [publications@parkinsons.org.uk](mailto:publications@parkinsons.org.uk).

## **Pryder wrth ddioddef o Parkinson's (FS96/2019)**

A oes gennych unrhyw adborth ynghylch yr wybodaeth hon? Bydd eich sylwadau'n ein helpu i sicrhau bod ein hadnoddau mor ddefnyddiol a hawdd eu deall â phosibl. How is anxiety managed?

There are many things you can try to help manage your symptoms.

Simple things like making time to relax can be helpful. Try doing things you enjoy, such as reading a book or listening to music.

Finding ways to relax

Try to eat a healthy, balanced diet. It can also help to avoid too much caffeine (found in tea, coffee and some fizzy drinks), and alcohol, especially late in the evening. These can make some of the physical symptoms of anxiety worse.

Diet

Exercise

You can help combat stress and release anxiety through regular exercise, such as walking

## How does anxiety affect people with Parkinson's?

This is when you feel frightened of something that's not dangerous and would not usually make other people feel scared. For example, agoraphobia is the fear of being in situations where escape might be difficult, or help wouldn't be available if things go wrong.

## What is Parkinson's?

Phobia

This is when you feel frightened of something that's not dangerous and would not usually make other people feel scared. For example, agoraphobia is the fear of being in situations where escape might be difficult, or help wouldn't be available if things go wrong.

- These are short periods of sudden, intense feelings of fear. They often happen in situations that are likely to make you feel anxious. You may also have a racing heart, sweating and shortness of breath. Some people think these symptoms are very serious, and they rush to the hospital for help. A panic attack may last between five and 20 minutes.

### Panic attacks

**Generalised anxiety disorder**  
This is when you experience excessive and uncontrollable worrying most of the time about everyday events in your life.

## Are there different types of anxiety?

**Find out more:** see our information on depression  
and Parkinson's

Sometimes, you may have symptoms of depression as well as anxiety. Depression is more than temporary feelings of unhappiness or frustration. It's usually diagnosed when someone has lasting feelings of sadness for days, weeks or months.

When anxiety carries on for a long time you may have feelings of hopelessness. These feelings may affect your ability to carry out everyday activities.

- a pounding or racing heart (palpitations)
  - tightness of the chest or feeling breathless
  - dizziness
  - trembling
  - indigestion, nausea and stomach cramps
  - looking pale
  - a dry mouth
  - muscle pain
  - restless legs and difficulty maintaining restful sleep

You may also experience physical symptoms if you're feeling anxious. These can include:

- difficulty concentrating
- constant worry
- a sense of dread

People with anxiety may feel some of the following:

of anxiety, so it can be treated as soon as possible. It's important to be able to recognise the symptoms

## What are the main symptoms of anxiety?

If you feel anxiety is affecting your daily life, it's important to seek help from professionals as well as find things you can do to manage your symptoms effectively.

You can take to help manage your symptoms, and what treatments are available.

This information describes what anxiety is and how it can make you feel. It also looks at steps you can take to help manage your symptoms, and what treatments are available.

Some people with Parkinson's may experience anxiety.

What is anxiety?

Anxiety is a feeling of unease, such as worry or fear. Everyone has feelings of anxiety from time to time. It's a natural reaction to situations we find threatening or difficult, like moving to a new house or money problems. Usually anxiety disappears when the situation changes, or if we get used to the situation or can move away from it. But sometimes people become anxious for long periods of time and for no clear reason. This can make life difficult and may affect your work and social life.
