

NEWLY DIAGNOSED WITH PARKINSON'S

Finding out you have Parkinson's affects everyone differently. Some people go through a range of emotions and may feel shocked, overwhelmed and worried about how to cope. Others feel relieved to know what's going on.

However you're feeling,
we're here for you, from
the very beginning of
your life with Parkinson's.

Having Parkinson's doesn't mean life stops.

There are lots of different treatments, therapies and support available to help you manage the condition and carry on your day-to-day life.

"You can control it very well with medication, movement and exercise."

"I'm not on my own any more. I've got people who understand. I've got people who care."

Whether you want advice about Parkinson's, information about taking part in research or simply to talk with someone about how you're feeling, we're here for you. And we're here for your family and friends too.
