2025 UK Parkinson's Audit: Physiotherapy - patient audit case sheet

Use this to record your patient cases before entering the data on the online tool

1. Dem	1. Demographics		
1.1	Patient identifier		
1.2	Gender	 Male Female Other/patient prefers not to say 	
1.3	Ethnicity	 White British Irish Gypsy or Irish Traveller Roma Any other White background Asian/Asian British Bangladeshi Chinese Indian Pakistani Any other Asian background Black/Black British/Caribbean/African African Caribbean any other Black background Mixed/Multiple ethnic groups Asian and White Black African and White Black Caribbean and White Any other Mixed/Multiple background Other ethnic group Any other ethnic group Arab Any other ethnic group 	
1.4	Year of birth		
1.5	What setting does this client live in?	 Own home Residential care home Nursing home Other (please specify) 	

1.6	In what health setting was the patient seen?	 NHS - outpatient NHS - community Private clinic At home Other (please specify)
1.7	How was this person assessed?	 In person Virtually - by video Virtually - by telephone
1.8	Parkinson's phase	 Diagnosis Maintenance Complex Palliative
2. Refe	rral	
2.1	Year of Parkinson's diagnosis	
2.2	Has the person received previous physiotherapy specifically for Parkinson's?	 Yes No (skip to Q3) Offered but declined (skip to Q3) Unknown (skip to Q3)
2.2a	If yes, what was the year of first referral?	
2.3	When the person was first referred to any physiotherapy service, at what stage of their Parkinson's were they?	 Diagnosis Maintenance Complex Palliative Unknown
3. Refe	rral to this episode	
3.1	Who made the referral to physiotherapy for the current episode of care?	 Elderly care consultant Neurologist Parkinson's nurse specialist General/non-PDNS nurse GP Allied health professional colleague (OT/SLT) Dietician Social care worker Self-referral/relative Other (please specify) Unknown

3.2	What was the time between the date of the referral letter and the date of the initial appointment for this episode of care?	 1 to 4 weeks 5 to 8 weeks 9 to 12 weeks 13 to 18 weeks More than 18 weeks
3.3	Was a letter sent to the referrer?	YesNo
3.3a	lf no:	 Not current practice Therapy ongoing but letter to be sent on completion No requirement as discussed directly with referrer at MDT review
	If yes:	
3.3b	Did the letter include details of the therapy assessment?	YesNo
3.3c	Did the letter include therapy outcome scores?	YesNo
3.d	Did the letter include an intervention plan?	YesNo
3.4	If the patient is in the complex or palliative phase, is there evidence of anticipatory care planning in the last 12 months?	 Yes No Not in complex or palliative phase Not indicated
4. Imple	ementation of national rec	commendations
4.1	Were Parkinson's-specific outcome measures used in this case?	 Yes (go to 4.1a) No (go to 4.2)
4.la	If yes, please tick all that apply (continues overleaf)	 3-step falls predictor 10 meter walk Activities Balance Confidence (ABC) Scale Berg Balance Scale Borg Scale Dynamic Gait Index (DGI)

		 Exercise diary Falls Efficacy Scale International (FES-I) Falls diary Five Times Sit to Stand Functional Gait Assessment Goal Attainment Scaling (GAS) History of Falling Lindop Parkinson's Assessment Scale (LPAS) Mini-BESTest Modified Parkinson's Activity Scale (M-PAS) New Freezing of Gait questionnaire (NFOG-Q) Patient Specific Index for Parkinson's Disease (PSI-PD) Push & Release Test Rapid Turns Test Six Minute Walk distance Timed Get up & Go Tragus to Wall (Posture measure) Unified Parkinson's Disease Rating Scale (UPDRS) Other (Please list)
4.2	If no, why were no outcome measures used?	
4.3	Was exercise/activity advice/intervention offered to this individual?	YesNoNot appropriate
4.3a	If yes, please tick all that apply (continues overleaf)	 Aerobic exercise Alexander Technique Boxing Cycling Dance Exercise programme focused on balance Exercise programme focusing on flexibility Exercise programme focusing on strength Function-based exercise (e.g. stair practice) High Intensity Interval Training LSVT-BIG Nordic Walking PD Warrior Pilates PWR!Moves Tai Chi Treadmill training

		YogaOther (please specify)
4.4	Were any technology/apps used/advised for this individual?	YesNo
4.4a	lf yes - what was used/advised?	 Kinetograph Fitbit or other activity monitor PKG Other (please specify)
5. Abou	t the physiotherapist	
5.1	What band (grade) is the physiotherapist who carried out the initial assessment of this person?	 4 5 6 7 8a 8b 8c Other
5.2	Approximately what percentage of people seen by the audited physiotherapist in a year have Parkinson's?	 0-19% 20-39% 40-59% 60-79% 80-99% 100% Unknown
6. Evider	nce base	
6.1	Which of the following did the audited therapist use to inform clinical practice or guide intervention? Tick all that apply (continues overleaf)	 Own Clinical experience Advice from colleague or supervisor European Physiotherapy Guideline for Parkinson's Disease (2013) Allied Health Professionals' competency framework for progressive neurological conditions NICE - Parkinson's disease: diagnosis and management in primary and secondary care (2017) National Service Framework for Long Term Neurological Conditions (NSF - LTNC) guidelines Allied Health Professionals' competency framework for progressive neurological conditions

	 Published evidence in a peer reviewed journal (read within last 12 months) Information from Parkison's UK website' Postgraduate training (eg attending course/lectures specific to Parkinson's) within last 24 months Other (please specify below) None
